This proposal infringes upon the rights guaranteed under the 2nd amendment of constitution. Rights recently upheld by the SCOTUS with MD governor amending state requirements to be in compliance with the constitution and SCOTUS ruling. The commissioners took an oath to protect and defend the constitution; not impose regulations that are self-serving and violate citizens rights. The state has validated that conceal carry citizens have met all requirements to legally carry within state by the issuance of the permit. Guns are not permitted in county buildings as is. Limiting conceal carry to within 100 yards of a county building provides no benefit or security to the general public.
