While the intention may be for handguns, it is so badly worded that it impacts ALL FIREARMS. This bill will make it impossible to travel public roads throughout the county to go to places to engage in legal firearms related activity without having to cross through one of these 100 yard exclusion zones. This zone could encompass private businesses and even residences. This bill is so poorly written that it essentially is a ban on all firearms in otherwise legal areas. If the intention is truly to limit possessions of firearms to the inside of buildings, existing State Law already allows provisions for implementation. Please see the attached document for details. This is a bad law and totally unnecessary and should be immediately withdrawn.
