There is no need to restrict firearms to the limit being preposed. In the building fine, but the 100 yards hinders the citizens. This will never pass the three part test placed by SCOTUS. I'm asking to hold off on this, until several cases have been adjudicated, NYC, Montgomery County MD. To name a couple. What really bothers me, each and everyone of you took an oath to defend the Constitution, as you now try to restrict our rights. Since Bruen, approximately 39,000 permits have been issued in Maryland. Keep in mind, this county has a huge 2A following. We also vote. This can be amended without infringing on our right by adding, that a legal concerned carry may carry as they drive/walk past, doing business in the area, as. Long as they do not enter county property.
