I'm sorry I wasn't aware that my right to carry was limited because it makes you uncomfortable... why should my constitutional right be infringed upon? And why in the world should you be able to protect yourself and carry? Maybe instead of this proposal you should educate the public on gun safety. You know who is affected by this? The law abiding citizen versus the individual that couldn't care less about what is legal and right. If I can't carry you shouldn't be able to period.
