This proposed ammendment is detrimental to public health and safety. Restricting freedoms of trained individuals will not change the gun violence in our county. This measure will make citizens more exposed to gun violence as this leaves only the police to check criminals with illegal weapons. The county needs to enforce its current gun laws before it tries to restrict constitutionally protected rights. The fact that people get picked up with illegal weapons and are released the next day without charges is the place to start. Start throwing max sentences at offenders and this problem will be corrected.
