As a business owner who legally carries and operates a 40 year old business in Charles County I am opposed to this infringement on my rights and the rights of my employees. My business is located directly across the street from the CC Health Department. If passed this would make carrying at my business illegal. That's just one example of the problems that this regulation would create. I am not aware of any situations on County property that have prompted this assault on lawful gun owner's rights. I ask that you carefully consider the rights of law abiding citizens and the fact that you are manufacturing an issue that does not exist.
