I have some concerns about this bill, Bill 2022-14 as I understand it. First as a retired police officer and with a permit to carry a concealed firearm I have some concerns about the language of 100 yards from a building? In this case if I came to the farmers market on Saturday I could not carry my firearm? I understand trying to make the workplace safe for all but this may need more thought. Also I understand that the law will exclude the Commissioners? If it is good for the general public why is it not good for a Commissioner. I never agree with legislators excluding themselves from the laws they write. Please fee free to contact me if you have any questions.
