Not that I am a resident of your county however being a Maryland resident I find this very disturbing. First off it's legal for you commissioners to carry but not CCW licensed people. Now I do drive through and my second issue is how are people supposed to go target shooting when most places will be under this bill how do they get there legally for god sake. These rulings are very Unconstitutional first off and secondly your hurting law abiding citizens don't you all realize criminals are already actively doing or planning on committing a crime so why do they care about a law that has no meaning to them. I truly hope you actually talk to your people in the county just not the elite or rich
