I completely understand the need to keep firearms out of State/Government buildings, but many of us travel distances to get to these locations. So far, in Calvert CountyMd., notice is placed on the entrances of these buildings/locations. In these instances, the firearms should simply be locked in the car or truck prior to entering. This way, all rules are fulfilled and all personnel concerned are satisfied. I personally feel this to be an adequate middle of the road correction. Thanks for your time. Bill Rose
