Taking away the rights of your citizens given to us in the 2nd Amendment of the Constitution of the United States of America is a direct violation of all this country was built on. To also think you have the right to make those in government have different laws to the general public is also a direct violation of my rights. Politicians need to stop thinking you are celebrities. You are public servants and that means you answer to those who vote. You will bring a lawsuit on yourself by legal concealed carry holders and citizens that believe the constitution is the governing law of this country. Stop trying to destroy this country and get back to the truth and basic foundations we were built on.
