I am 100% against this. In light of the situation of the unethical behavior of Coates and her being censured, along with Collins and Patterson not finding anything wrong with that behavior, I don't think our Commisioners should be voting on any ANY serious policy until there is a resolution to the question of unethical behavior allowed from them . I find it insulting that elected officials that are supposed to work for their constituents but are allowed to act in such an unethical way, supported by 2 other commisioners would have the ability to tell citizens of this county who can and can't do anything. Also, the majority of those deciding are the last people who should be allowed any weapon in or around a gov't. building. So until such time ALL commisioners are held to the standard in which their positions demand, I suggest they fix the lack of ethical behavior allowed among themselves. Any other gov't employee would be FIRED for the blatant racism, bullying and lack of decorum shown by more than just one. This is a waste of time and tax payer money not to mention beyond hypocritical.
