I oppose any infringement on law-abiding gun owners. Nobody should be exempt including the Charles County Commissioners. This action is blatantly against our 2nd amendment rights. Worry about the homeless people living all over our county pandhandlers, illegal gun owners committing crimes, influx of drugs on our county & in our schools, focus on building schools, focus on stop building more residences in already over-populated areas, end the racism running rampant in our county where certain races are caught & released while others if a different race who do the same crime are held without bond. With the influx of crime in all areas of Charles County, every law-abiding legal gun owner should have the right to protect themselves and their families from the criminals the judges, commissioners and attorney general continue to release on a daily basis. Residents are leaving Charles County in record numbers due to the poor unlawful practices of Charles County commissioners. You all are supposed to be for the people not dividing us and leaving us defenseless! You all need to listen to the residents of Charles County. You think it's right that you all can protect yourselves and we can't? That is total BS and you all know it!!!
