The proposed ordinance, Bill 2022-14, violates a number of established legal principles and Constitutional guarantees. Not the least of the violations is its overbroad restrictions that serve no articulable public purpose. That this legislation would criminalize the possession of otherwise legal firearms on public roadways to and from homes, businesses, training and recreational activities serves no public interest. This legislation would create a checkerboard of prohibited areas impossible for the citizen to navigate while carrying on Constitutionally protected activities. Public routes 301, 6, 5, 488, Radio Station Road and the like would become impassible to your most law abiding and trained citizens. This certainly cannot be the intent of public officials.
