Please do not ban the ability for a legally eligible Maryland citizen the ability to carry their firearm in public. Adding restrictions on places I can carry will endanger citizens to remain free when exercising their constitutional rights. Picking a distance from a particular area of the country to carry firearms risk someone unknowingly breaking the law. No citizen knows all the buildings the county owns nor can we with absolute certainty know the exact distance you need to be from a building. Creating a law based on imaginary borders is unfair on a citizen. When a law makes you a criminal for walking on a sidewalk in public or driving by a building is not a good law.
