I am a resident of St. Mary's County and I travel in Charles County to shop and use Washington Avenue that goes by the Circuit and District Court buildings. Both structures are within 100 yards of Washington Avenue. In Maryland, if you are concealed carrying in your vehicle, you are required to have it on your person. If the weapon is not on your person then it must be unloaded and locked in a case out of arms reach and the ammo in a different location not with the weapon. Would this constitute a violation of Bill 2022-51 and result in a charge and a fine? Whether you are moving or stop in traffic, you would still be in violation as it is written. Why do you believe that as a County Commissioner that you should be exempt from the law and the rest of the citizens are not? What makes you more special than the law abiding citizen with the right to carry as granted by the state of Maryland?
