I am against this proposed legislation. This is a clear overreach of government power. I am against the ban of legally possessed weapons inside of county owned properties as the facilities are maintained with public funds. I am extremely opposed to the ban of legally possessed weapons within 100 yds of county owned properties. This is imposing a ban on both publicly and privately owned property. This law would potentially entrap unaware, legal weapons owners into being violators simply by legally possessing legally owned weapons on private or public property by circumstance regardless of intention. Above all, I cannot support a ban that affects law abiding citizens but not the county commissioners that were elected by them. This is not legislature designed to reduce gun violence. This legislature is designed to infringe on the rights of law abiding citizens and is in direct conflict with the rights guaranteed by the 2nd Amendment of the U.S. Constitution.
