I m against ban and time and money being spent beating dead horse already affirmed by SCOTUS in N.Y case. I also do not place any trust in the cc commissioners to make any dicision regarding the rights or safety of its citizens considering the recent dirt on the secret censorship, closed sessions hiding said dirt. If they ve got the nerve to sit up there making laws/rules for citizens they should at least have an understanding of law so I refer back to SCOTUS N.Y. case ruling. The commissioners also have to realize we will also take this all the way to SCOTUS. We as citizens of cc will not sit idly by and allow and I say allow because you work for us, we won t allow a select few to take away the same rights of citizens they don t want taken from them. Every inch of this county belongs to citizens bought and paid for heavily I might add. You ve taken away our quality of life in this county with your swampRat way of governing you will not take away our rights to carry where and when WE choose to. You have allowed crime to flourish here releasing criminals back to streets you will not take away our rights to defend ourselves from those criminals. Thk you, susan magruder, waldorf md
