Stop wasting time, enforce the existing laws. 1-5-2023, Four men released after paying less than \$1000.00 each, all charged with drug and gun felonies and all you people can come up with is taking away the ability for law abiding citizens to protect themselves from the criminal element this county keeps letting back on the street. The very fact that commissioners feel they're so special and above other citizens proves this bill is NOT justified. 30-year-old Donnell Henry Hawkins is no longer with us and not one law stopped that! Existing state laws protect our county and state buildings, parks, etc. When and what does it take before elected people realize a 1000 more laws won't stop criminals, they don't obey them! This is nothing more than a dog and pony show so commissioners can say, look what I did. All the while LaPlata is on its way to being another Waldorf, riddled with crime. Why? Not because not enough laws. Because the existing laws are NOT enforced. If our elected officials did their job and pushed to get rid of the real crime in this county even they wouldn't feel the need to be armed to protect themselves. How about do something worthwhile like clean up the trash on our roads and put time and money towards that. This place looks worse than PG County. Maybe the homeless and battered women could use some help and effort from the people elected to do something in this county.
