This is a poorly written bill. You are granting yourself the right to personal protection with a weapon. How about the employees who work in the same government offices? Don't they deserve the same right to the same protection as you? What fear do you have that you need a weapon and they don't? I previously submitted a response on travelling on Washington Avenue and some how it was labelled neutral. I am not neutral on this poorly written bill. I may not be a Charles County resident but it will affect me in travelling in your county.
