Please provide a detailed explanation:

Dear Commissioner, Your recent proposal to restrict lawful, concealed carry of a firearm within 100 yards of a government building is a terrible idea. By the wording of your own proposal, you concede that self-defense is important, but only if you are a government official, and not an average law-abiding citizen. Your proposal will only further ignite criminal activity by letting criminals know that the average citizen is unarmed. As a business owner, this puts me at risk of violent crime.
