I am against the changes that Lennar is requesting. In the 6 years I have lived in Fieldside it has become very apparent that Lennars practice of build and go is not sustainable in a community. I would hope the county commissioners would see that rewarding Lennar will just encourage them to continue their bad practice of shoddy and half done work. Please hold them accountable to complete the job they have promised before allowing them to move to the next job. As for the change in school location, it seems reasonable to have more talks that include community input before making a decision.
