My husband and I had to fight to get out whole first floor replaced due to incorrect materials ordered, which is still separating again as we speak. We have had 4 refrigerators delivered within the first 2 years, multiple sub-flooring issues, multiple paint corrections, multiple trim issues, leaking windows, and multiple landscaping just to name a few all within our 1yr. We have numerous members of our community with a multitude of matters and concerns like cabinets falling off of the wall, drywall falling off of the studs, cracked foundations, plumbing issues, etc etc. We were even promised multiple community centers and pools throughout the Stonehaven Development, but instead we have to share 1 pool for 3 neighboring communities. Lennar has to be held accountable and resolve our issues within the Stonehaven Community before moving on and creating newer issues for other hardworking families. Please do not allow them to continue turning Dream Homes into nightmares. Thank you very much for your time
