After witnessing numerous public reactions and a significant amount of criticism directed at this proposal, I wish to express my support for it. However, I do have a specific concern regarding the placement of the age-restricted community. I suggest relocating it closer to the town center and transforming the current area into a mixed-use development for townhomes on the southern end. Preserving our county is of great importance to me, which is precisely why I endorse the concept of intelligent development. By offering townhome options, we can minimize the need for extensive construction on vast tracts of land while still providing ample opportunities for growth. I would like to express my gratitude for extending the period for public comments. Initially, I assumed that the

advantages of this plan would outweigh the opposition, but it appears that those who oppose change are the most vocal. Therefore, I am emerging from the background to share my support.
