There seems to be a lot of information missing from this plan. We need DETAILED information (and it doesn't need to be 71 pages long) where we can make an informed decision. My Vote Is No, No and No. The residents need to be surveyed to see what they want and what they need instead of throwing things our way and just seeing if it sticks. What was the purpose of removing the Safeway grocery store and replace it with a CubeSmart? We get all sorts of information to the residents just like you do when you want our votes for political positions. Community residents should not have to go digging to find info.
