In the beginning my feelings were Neutral on this plan, however as time has passed by I have seen there are a lot of under the table conversations/discussions that are being held that the residents of Bryans Road are not being informed about. There is a lot of information that is missing in this "Plan". So until we can get that DETAILED information where we can make an informed decision - I will vote AGAINST this. Most people in Bryans Road moved out here for the Rural feeling - otherwise they would have moved to the Waldorf side of town. We have plenty of businesses that come and go in this area - and what seems to be the common denominator in the businesses leaving is not knowing what it is that the residents want/need. Like for instance - why would we remove a grocery

store and replace it with a CubeSmart. Obviously there was no thought or survey done of the residents that live in this area. And the sub-plan seems like another one of those type attempts. You all need to disseminate the proper information to the residents just like you do when you want our votes for political positions. We should have to go digging to find out this half par information. Thank you kindly for hearing my opinion.
