I vote against this plan. This supposed plan has been amended over 14 times upon my current research, it has led me to analyze each individual plan for Bryans Road community and realize previously plans were amended and never revitalized or solidly followed. As a taxpayer, and resident of Bryans Road we have the right by the law to be informed and make decisions regarding our community, without being misled or uninformed by our community commissioners or their business partners that are assigned to our Bryans Road community to in fact to represent our community as a whole and not just their business partners they associate with for personal interest. I request this is extended for the entire community to be informed correctly and make a decision as a community fairly. I demand to keep this platform open when the commissioners are on government paid vacation in August. It is

disheartening the Heritage Foundation and the Pomonkey forest will be forfeited in this plan if it was to move forward. My children wouldn't even stand a chance to enjoy the history of these historic sites that are for us the citizens of Bryans Road community. Each day I study this massive sub area plan I find out more information that wasn't clear or shared to the community.
