I find it alarming that the commissioners are so quick to close the public comments section for this matter when they will be on leave for the month of August. As someone who's taxes have been impacted by this, I believe that the residents should have more power than the egregious corporation of developers trying to infiltrate our area. Please understand if I wanted to live in an overcrowded, polluted city, I'd be chewing on DC tap water as we speak. Furthermore, I love the natural element that Bryans Road offers to us. If we don't take care of Mother Earth, who will? Apparently not Charles County Commissioners.
