As a homeowner in Bryans Road, I am against this plan as it greatly increases the population of the small town we enjoy. This appears to be a plan for developers to profit greatly off of what they call "underdeveloped" land, and they do not reside here. We have plenty of improvements that can happen without inviting a higher population which brings crime and traffic issues. I am not in favor of trading peaceful living, our beautiful natural environment that encourages safe outdoor play for children and calm relaxing life for convenience, shopping and noise. We have a lovely town that is more than capable of encouraging internal growth through community involvement. I feel we need to focus on our existing infrastructure to improve as a community - our schools struggle with parent involvement and teacher retention. We are growing as a community with the help of some very dedicated neighbors to look forward to community events, mended relationships and increased involvement with our Sheriff's department and increased

interest in the quality of our local businesses. We do not need outside entities making decisions for their profit in the beautiful town we live in.
