As a first time home owner and not having any idea about all the financial hurt it would cause to buy a home let alone a "new construction", I would like for there to be no more ways of the county profiting off of us. There has been no first time home buyer credits of any relief. On the contrary, every three months there is a taxes/bill of thousands of dollars for X amount of years that make absolutely no sense. Therefore, don't you all make enough money off the residents as is? The only plan the commissioner needs to worry about is, what would make the residents happy and how can it feel worth it for the residents to even continue to live here. Stop being sneaky!
