As a community, we have demonstrated in the past that we cannot prosper in the absence of any kind of transparency or engagement. We implore our county commissioners to be transparent and have good intentions to find better ways to connect and interact with residents and communities in a more deliberate manner. Nothing will change with the current tactics that the county commissioners have used on the Bryans Road community and its residents, as well as the community and residents engaging and speaking up. For the community to prosper, transparency, input, and involvement are required from all parties. I will admit that I have not been vocal or engaged in the past, but it is never too late to take the first step to be the change that I seek. Thank you.
