Hello! I am submitted a comment in support of legislation to reopen the community pool at CSM. This pool would be a major asset to the community, as it is the only community pool available to be open during the weekday hours. All other options are located at county high schools, which means they are obviously closed to the public while school is in session. A pool available on the weekdays would benefit our senior community, who could see the return of things like water arobics classes. In addition, it would be a benefit to stay at home moms, like myself, who would have another affordable option within the county to take their children to play & for swim lessons. A true community pool is severely lacking within Charles County & I urge you to consider legislation to reopen this valuable community asset.
