As a former patron of the CSMD pool -- as a lap swimmer and aquatic exerciser, I am in favor of repairing the pool and reopening it to the community. My husband and I currently take aquatics through the Charles County Senior Centers at the local high schools. However, there is always a waitlist as there are not enough locations to accommodate this important exercise. My husband had knee replacement surgery and has mild dementia due to Alzheimer's. Aquatic exercise is vitally important for his flexibility and his physical and mental fitness. It is something that he can do safely. I have other health issues and find that aquatic exercise is something I enjoy and helps with my diagnosis. In addition, as a grandmother, I would love to have access to a community pool when my grandchildren are visiting. This summer I found it challenging to find a local pool to enjoy with my granddaughters.

Other neighboring counties offer these types of amenities and they are fully enjoyed. They are a fun gathering place to build community relationships. I encourage you to consider investing in repairing, reopening, and even expanding the pool to include an outdoor facility.
