I would like to see the county and or the state partner with CSM to re-open the pool or take it over in its entirety. There is no indoor pool space not connected to a school, meaning that the county does not have a real public pool. My daughter is a year round swimmer. We often spend 10 hours a week driving to the indoor pool where they have space for her team to practice. We used to swim at CSM which is 15 mins closer and parents know that this time adds up over the week. We are also surrounded by water and I see at least one post on social media every week asking about swim lessons. The county cannot meet the demand due to space and access. We have a building that is pretty much set up for this. It will take funds to open it but it would be more money to build a new one. Lastly we are ignoring our senior citizen community. Many seniors benefit from swimming and cannot because it's not

accessible.
