I am writing concerning repairing the pool at Southern Maryland Community College. I understand the funds allocated for repair and renovation is not enough to do the job. As a senior in the community, I rely on water aerobics/exercise to keep healthy. As of now I am at the mercy of various local schools to attend these classes. The classes are limited and we work around the schools schedule. There is a large Senior community here in Charles Community and we will benefit greatly if a community pool was available to us year round and varies times. I have also spoken to a few parents who have to pay out of county fees to attend Prince George facility. They shouldn't have to go out of the County for Public pool access. I am requesting that the county provide the full amount needed to repair/renovate the Southern Maryland Community College swimming pool we are worth the expense.
