Before the pool close down, I had been going for six years. I was able to meet so many people my age and it was a pleasure. We are seniors need this pool to re-open. It is what keep us moving and alive. It allows us to most important work out. Keep our bodies moving and then the second important thing is the socialization that we get when we are there. We are like a family since the pool is closed two years ago. Our family has broken up and we are now in all directions, it's important that this pool open back up to give the communities something back to give the seniors something back. To be around a pool of senior citizens and everyone is laughing and talking singing is something you really don't wanna miss. In fact you don't want to take that away Thank you Julia
