We need an indoor pool that is not affiliated with a school and tied to school hours. I have two sons that swim competitively year round and a four year old daughter. The limited pool space has meant that Parks and Rec can only provide a very limited amount of swimmers to participate in their lessons. Currently my daughter spends 10 months out of the year around a pool and can't get into lessons. It is becoming a safety issue. The extra space would allow for us to get her into lessons or hire a certified life guard to teach her at CSM. We are not allowed to conduct lessons at the school pools outside of the lessons provided through parks and Rec- which we have tried for a year and half to get into and can't.
