Comments:

Commissioner(s), I request that you fully support and vote in favor of Bill 2023-12. Having a process in place that holds our county commissioner leadership accountable for their action is essential to maintaining citizen trust and ensuring transparency to all. This is particularly critical in today's social climate and with the pending decision to move to a charter form of governing. I strongly support the need to be able to remove a County Commissioner if and when it is necessary. I encourage you and your fellow commissioners to pass this bill.
