##### Comment

I would like to urge all Commissioners to continue to include a Public Comment section during scheduled meetings. I think it is extremely important for the general public to have an opportunity to share their concerns, issues, and/or ideas during a public forum. Right now, there is no avenue in which to do so. It may be possible that other citizens share the same concerns and as an elected official. I believe it is your responsibility to afford the community a means to publicly communicate with you. I am not advocating for immediate responses from the Commissioners, but for an open forum in order to express our concerns, etc. There should be a 2-3 minute limit for the speaker to speak. I am also advocating for a set day and time when it will be held, for example, the second Tuesday of every month at 4:30 p.m. Right now, the day and time varies and the website is not easily navigated. Therefore, opportunities are lost for community members to speak. Please consider making a Public Forum section part of scheduled Commissioner meetings in the future.
