In the May 5th 2022 recorded meeting at the Bryans Road Fire Department, a citizen asked what is the purpose for developing senior housing in Bryans Road since there is only a very small percentage of seniors in the area who already own property. It seems that this effort is to bring more people to the area but we need inclusion and consideration of the people currently here. Jamie Kendrick didn't have an official response for that citizen. He just said it's a common need but it's not a common need over here especially if the majority residents in area were not included. There are so many vacant buildings that can be revamped for these purposes. Please start including the area of consideration with the ZTA codes so that residents can know when they will be directly impacted by rapid changes. Thank you!
