I am for the incorporation of a process to remove a county commissioner due to misconduct, ethics violations and not serving the interests of the citizens they're designated to. However, instead of giving the remaining Commissioners "only" the ability to make the decision, I believe the citizens input deserves to carry weight in the process as well. If we have the ability to vote someone into a position, we should have the same ability to vote someone out of their position too. It's only fair as our tax dollars run the county and empower the process. Please consider incorporating this option into the amended bill as it affirms citizens that their input and voice still count beyond personal agendas. Thank you.
