I've been a proud resident of Charles County (Waldorf, MD) since 2020 and it pains me that such a beautiful, thriving community is such an eye soar with the constant littering everywhere. As a community it takes all of us, from the residents to our community leaders to maintain and uphold the aesthetics of Charles County. I'm sick and tired of seeing litter in and around shopping areas. I'm sick and tired of seeing so many of areas throughout Charles County without landscaping/groundskeeping. We all should want and deserve an attractive/beautiful community to call home. So residents...STOP littering or the County should begin to heavily enforce littering fines. Post signs, billboards, tv ads, etc. encouraging county residents, workers and visitors to keep our community beautiful from top to bottom. Beautiful or ugly surroundings definitely have an effect on everyone's emotional being. I work hard and my wife and I, along with several caring neighbors are constantly picking up litter in and around our gorgeous living development because we care. Bottom line...as a county, let's all get in gear and get on board with doing our parts to make and keep Charles County the most beautiful, sought after community in our great state of Maryland!!!!
