Against Topic

**Comment**

I am completely against the airport expansion. In October the EPA made an Endangerment Finding that lead emissions from these aircraft may "be anticipated to endanger public health and welfare." As our commissioners, you should be restricting this expansion, not recommending it. You are putting our children's lives at risk by expanding. This expansion will increase the number of planes flying over our schools and endangering our children's health and possibly their lives. Protect our community. Protect our Children.
