I'm against this topic and want the Charles County Commissioners to hold these meetings in Bryans Road. We deserve to hear the presentations and ask questions about things like this that impact our environment, health and quality of life as property owners here. As I was writing this comment, I noticed that someone submitted a Public Comment for my name under this topic which I never supplied. This particular comment was originally submitted for the Bryans Road Sub-Area Plan on June 27, 2023 when I first learned about it. I would hate to think that there are tactics being used to manipulate the process for the benefit of these agendas that don't serve the community but I'm going to annotate my concern here on 4/5/24 and hope it gets corrected ASAP. Bryans Road citizens have experienced enough people twisting our arms with narratives to get what they want and we're not going to be subjected to those types of tactics. Do the right thing by us because you collect substantial amounts of money from us and we deserve the same consideration, visibility and transparency that other areas receive.
