What exactly is the school tax for new construction and why are homeowners responsible for it? I am a new Charles county resident with a 10 year old and the school system in this county is not what I thought it was after doing my research. There are no specialty schools, no TAG programs, STEM programs which is what my son is currently in. This costs is way too much for homeowners driving the mortgage payment up \$300 month due to escrow taxes and nothing to show for it while still Competing with higher interest rates. Requesting to have it removed in its entirety or removed until specialty programs are available in this school district.
