Before you continue with proposing a "draft Charter" please consider researching and advising the citizens how this Charter will benefit the citizens of Charles County. Identify the problems with the current Home Rule government. Further, please identify the current county positions (employees by name) that will be affected by loss of employment due to this new form of County Government.

The proposed County Executive position should have job requirements other than just residence and citizenship. A County Executive should be held to a higher level of competence (education, experience, investigation, etc.) than the ordinary man on the street.
