I would like to hear feedback from the commissioners on what they intend to do to help the businesses in Charles County who are being affected by the legislation that has found many of us having to remove our window coverings from our businesses. We spent thousands of dollars having them professionally done and now are facing having to pay to have it all removed. Why are the businesses that are negatively affecting this not being dealt with separately. Legislation needs to be rewritten to protect those of us who are a good example and have valid reasons for our window coverings!
