

Elevations Options Worksheet- Sample Documents

Effective June 28, 2024, an Elevations Options Worksheet will be required to be submitted with all Plan on File Permits and the subsequent building permits. Below are samples of what the County is requiring at the time of the Plan on File submission (include all elevations and options for the plans submitted) and at the time of building permit submission (include the elevation and the options on the plan submitted for the individual building permit). The samples below are for new dwellings. Plan on File permits for pools or detached garages should follow a similar format.
