Comment

I'd like to attend meetings where discussions about laws are conducted. I'm interested with introducing new legislation that protects the citizens of Charles County; namely, to pass laws that prohibit commercial vehicles (dump trucks, semis, et al) from driving through our residential roads. Charles County has Berry Road, Hawthorne Road, Rt 6, and Rt 301 for commercial vehicles. There is NO REASON they should be driving on Pomfret Road, Marshall Corner, and Middletown Road. They are DANGEROUS and should be prohibited from using those roads. I have witnessed semis driving at 45-50 mph on Marshall Corner through Pomfret and almost lose control on the curved road. That is why they don't belong on it, and that includes the commercial vehicles used by paving companies. Those roads are for residents-they are not shortcuts for commercial vehicles.
