

1. I and Parklands Community ask the Commissioners to withhold approval for Lennar to stop their next project in Charles County until they address and resolve the issues affecting both our community as a whole and my home specifically.

1. The foundation of homes and driveways.

2. Properly secure the storm water systems.

3. The weeds, rocks to be replaced with the proper installation of grass.

4. Also DONOT grant Lannar the waiver of eighty five percent ruling.

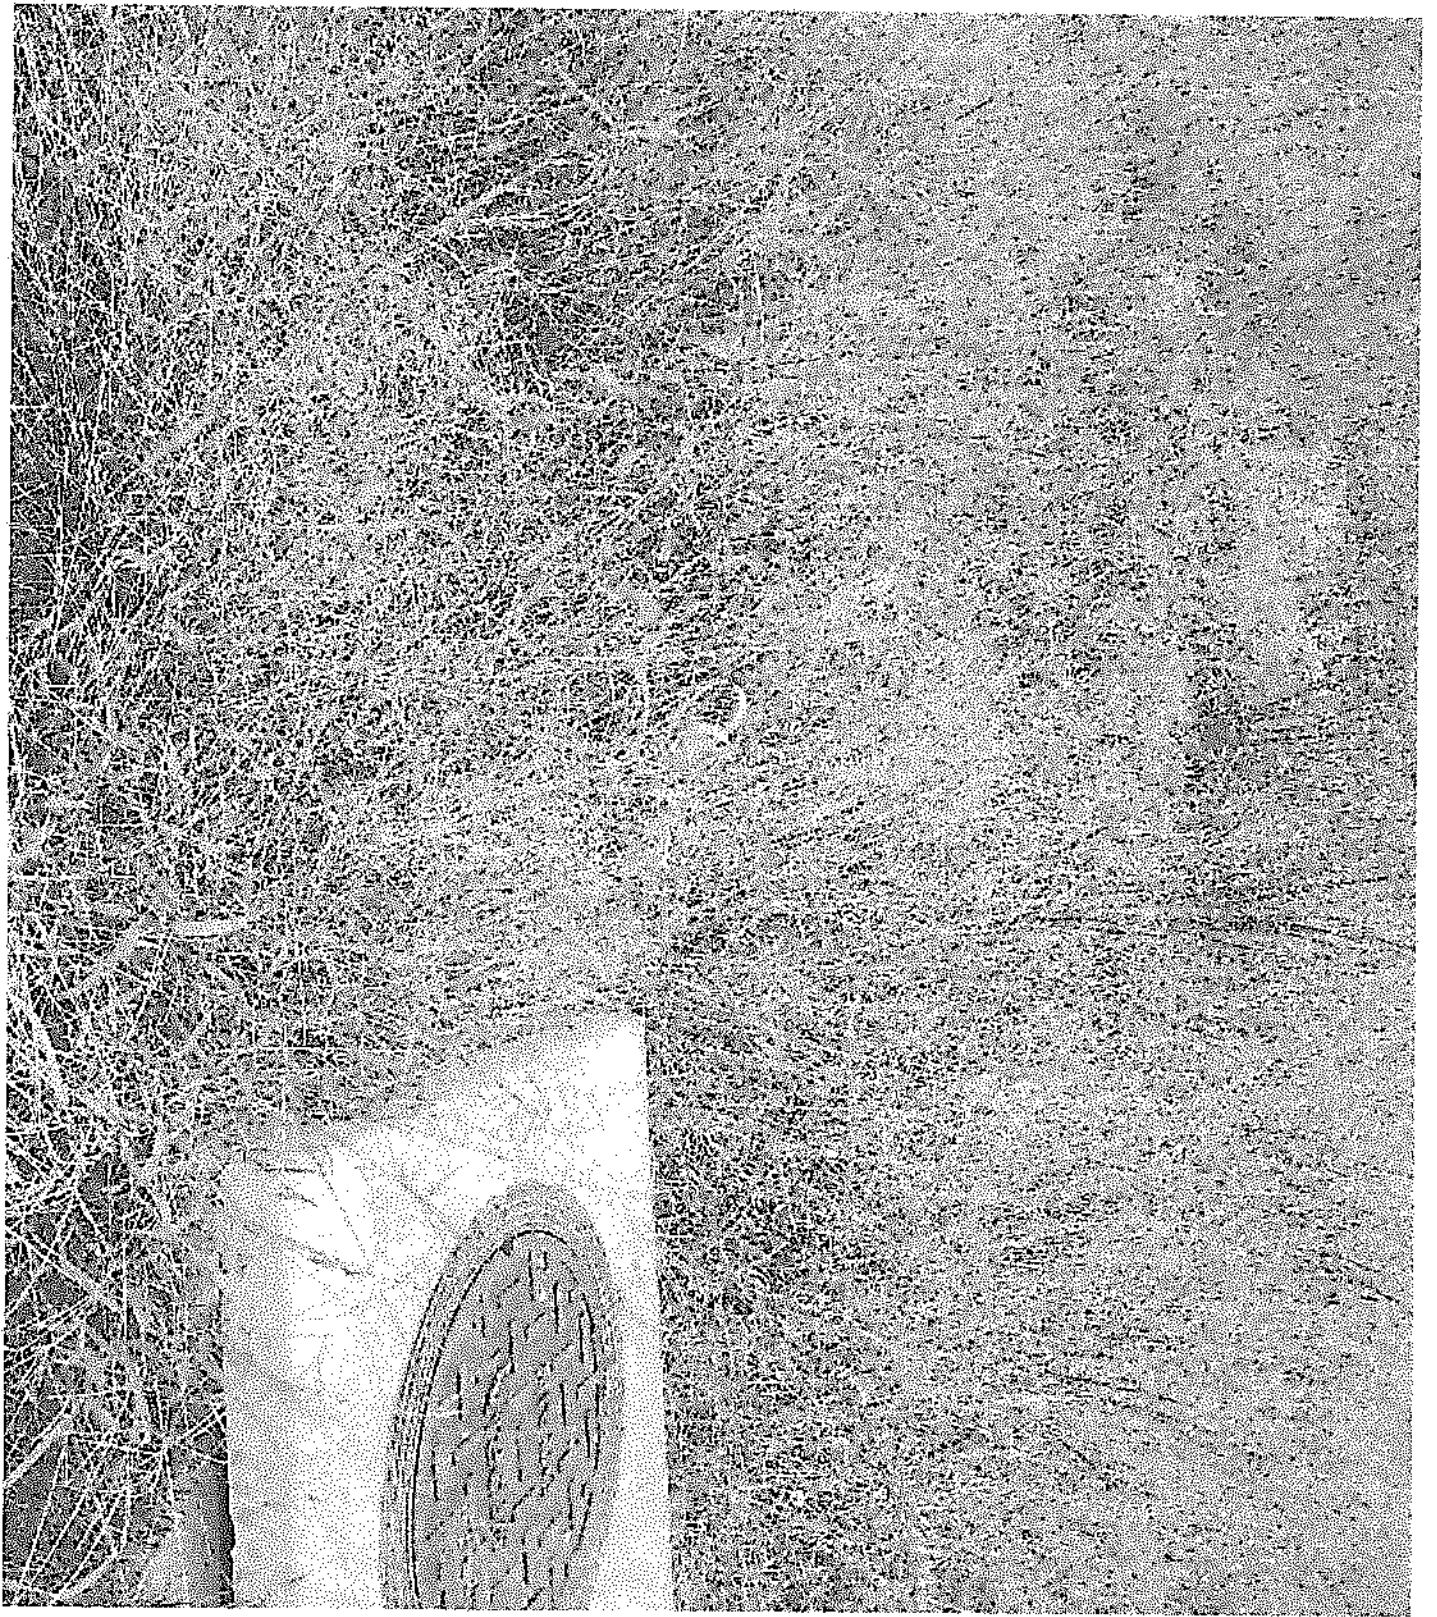

5. Also stop all bones.

6. HOA meetings, we having had one in over a year. Decisions are being made without the input of the community.

7. THIS IS MODERN DAY SLAVERY (2024) THE ONLY DIFFERENCE IS WE NOT RUNNING (1619).
