

September 17, 2024

Attn: Charles County Government
200 Baltimore Street, LaPlate, MD

I, Dr. Antoinette Restrepo, residing at 3897 Glacier Bay Place, White Plains, MD 20695 (Parklands Community), respectfully request that Lennar be denied any waiver and that a stop work order be issued until they have completed outstanding work in the occupied areas of our community.

Specifically, I draw the Court's attention to the following unresolved issues:

1. Numerous unaddressed individual resident concerns
2. Improper drainage and exposed PVC piping throughout the community
3. Dead sod in need of replacement

I urge the Court to require Lennar to address these existing problems before allowing them to proceed with any new construction or development while they still have unfinished business.
